Height: 38.09 cm (15") Width: 40.62 cm (16") Depth: 31.74 cm (12.5")

Sold

©Christopher Clarke Antiques

A mahogany small bow fronted Corner Cupboard.

Small Corner Cupboards such as this were commonly used on board ships, screwed to the bulkhead in cabins. The panelled door has a knob handle which also operates as the lock with a brass catch to the interior turning as the handle is turned.

The cupboard is well made with a moulded edge to the top and bottom and a single shelf. Pine is used for the secondary wood. Mid to late 19th century.
