Description

A pair of pressed brass Brighton Bun Travel Candlesticks.

These Travel Candlesticks are pressed out of sheet brass with a turned over lip. They have a gilt lacquer to the interior of the dishes whereas their exteriors have developed a darker patina. Aside from being a cheaper production method, the fact that these candlesticks are pressed brass means that they are much lighter in weight than if they were cast. This is also an indication of their date. Early 20th Century.
