Description

A leather hide, date registered Cigar Case.

The design of this case is a little different to most in that the cap isn't a full length sleeve that covers the bottom half. It is only half length and fits over the case's inner sleeve stopping half way up. The top and bottom of the case are both stamped with the royal coat of arms with REGISTERED SEPTR. 23 1846 below. The raised stitching is fine and there is a vesta striker to the case's bottom. Dated 1846.
