Description

The registration number of 645295/15 stamped to this brass Kit Bag Lock gives a date of 1915.

The rectangular shape is a little less common than most and the wave to the top bar offers a more comfortable grip when it is used as an extra handle. Such kit bag locks were made over a long period of time either side of 1900 and were useful to the security minded traveler. The associated padlock is stamped VR to indicate it is Victorian. Circa 1915.
